

BeamClamp
Hollow section at 90° to each other using an angle
bracket or welded end plate

This block is a typical example of a BoxBolt connection and is for illustration purposes only. Please refer to our technical catalogue and/or web site for all other technical information and loading capacities. It is essential to specify the correct size hole for this product to function correctly. BoxBolt is available in Zinc Plated, Hot Dip Galvanised and 316 Stainless as standard.
